WRITTEN OPINION OF THE  
INTERNATIONAL SEARCHING AUTHORITY

International application No.

PCT/IB04/03071

Box No. I Basis of this opinion

1. With regard to the language, this opinion has been established on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.

This opinion has been established on the basis of a translation from the original language into the following language \_\_\_\_\_, which is the language of a translation furnished for the purposes of international search (under Rules 12.3 and 23.1(b)).

2. With regard to any nucleotide and/or amino acid sequence disclosed in the international application and necessary to the claimed invention, this opinion has been established on the basis of:

a. type of material

a sequence listing

table(s) related to the sequence listing

b. format of material

in written format

in computer readable form

c. time of filing/furnishing

contained in international application as filed.

filed together with the international application in computer readable form.

furnished subsequently to this Authority for the purposes of search.

3.  In addition, in the case that more than one version or copy of a sequence listing and/or table relating thereto has been filed or furnished, the required statements that the information in the subsequent or additional copies is identical to that in the application as filed or does not go beyond the application as filed, as appropriate, were furnished.

4. Additional comments:

WRITTEN OPINION OF THE  
INTERNATIONAL SEARCHING AUTHORITY

International application No.

PCT/IB04/03071

**Box No. III Non-establishment of opinion with regard to novelty, inventive step and industrial applicability**

1. The questions whether the claimed invention appears to be novel, to involve an inventive step (to be non-obvious), or to be industrially applicable have not been examined in respect of:

the entire international application  
 claims Nos. 5-17,21 and 27-42

because:

the said international application, or the said claim Nos. \_\_\_\_\_ relate to the following subject matter which does not require an international preliminary examination (specify):

the description, claims or drawings (*indicate particular elements below*) or said claims Nos. 5-17,21 and 27-42 are so unclear that no meaningful opinion could be formed (specify):

Improper multiple dependent claims under PCT Rule 6.4(a)

the claims, or said claims Nos. \_\_\_\_\_ are so inadequately supported by the description that no meaningful opinion could be formed.

no international search report has been established for said claims Nos. \_\_\_\_\_

the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that:

the written form

has not been furnished  
 does not comply with the standard  
 has not been furnished  
 does not comply with the standard

the computer readable form

the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.

See Supplemental Box for further details.

WRITTEN OPINION OF THE  
INTERNATIONAL SEARCHING AUTHORITY

International application No.  
PCT/IB04/03071

Box No. V Reasoned statement under Rule 43 bis.1(a)(i) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement

1. Statement

Novelty (N)	Claims <u>NONE</u>	YES
	Claims <u>1-4, 18-20, 22, and 23-26</u>	NO
Inventive step (IS)	Claims <u>NONE</u>	YES
	Claims <u>1-4, 18-20, 22, and 23-26</u>	NO
Industrial applicability (IA)	Claims <u>1-4, 18-20, 22, and 23-26</u>	YES
	Claims <u>NONE</u>	NO

2. Citations and explanations:

Claims 1-4, 18-20, 22 and 23-26 lack novelty under PCT Article 33(2) as being anticipated by Heaton et al. (US 2003/0109310).

Heaton et al discloses the following:

A display means switchable between an overview mode and a detailed mode, in which the examiner interprets the player actively switching between the different screens to be an equivalent to the display means switchable (figure 2), the game data relating to any game that is displayed in the detailed mode being a superset of corresponding game data displayed for the same game in the overview mode, and the available games for which game data is displayed in the overview mode being a subset of the available games for which game data is displayed in the detailed mode (figures 3-14) as recited in claims 1 and 23.

A categorization facility operable to categories the number of available casino game playable by the player into a number of different game categories (figure 8 and paragraph 73) as recited in claims 2 and 24.

The casino game is categorisable into a plurality of different game categories (figure 8 and paragraph 73) as recited in claims 3 and 25.

The game data displayed by the display means is sorted by game category (figures 3-14) as recited in claims 4 and 26.

The display means displays a plurality of categories of game as tabbed categories (figures 2-14) as recited in claim 18.

The predetermined attributes of all games in any tabbed category is displayed by the display means in tabular column s in a scrollable window (figures 2-14) as recited in claim 19.

All the attributes of any particular game are displayed in an adjacent non-scrollable window when any attribute in the scrollable window is brought into focus by means of a pointing device (figures 2-14 and column 4, lines 4-29) as recited in claim 20.

The display means is instructable to also display the game categories and the casino games in each category by means of a convention al fly-out menu display as recited in claim 22.
